A YEAR OF DECISION.....1972

Valley V8's History Continued by Ed Warnock

The Club had an enthusiastic start, a slate of officers that had agreed to serve through 1972 and had a charter membership of 23 at the end of 1971.

President Jim Rowe got a new job that conflicted with the meeting night and others seemed to lose interest. Doug Peterson and Bob Wilson spark-plugged the effort to keep the club going.

The following excerpts from the June newsletter and a ballot mailed late in June pretty well tell the story of the few who were determined to keep the Valley V8's going.

The first annual Christmas Party was held at the Fog Cutter in Hollywood and the year ended with 23 members and \$45.68 in the bank.

PRESIDENT.....JIM ROWE	DIRECTOR.....PAUL MESKE
VICE PRESIDENT...DICK BERRY	EDITOR.....OPEN
SECRETARY.....BOB WILSON	HISTORIAN.....DOUG PETERSON
TREASURER.....DICK BERRY	ACTIVITIES.....ED HARDIN

CALENDAR OF EVENTS

.

June 18th - 8th Annual L.A. Roadsters Swap Meet & Roadster Show. Great Western Exhibit Center Santa Ana Freeway at Atlantic Blvd.

June 18th - Regular Meeting. Valley Federal Savings and Loan, Northridge

August 4,5,6.- Early Ford V-8 Club of America Western Regional Meet. Santa Rosa at El Rancho Tropicana Hotel.

EDITORIAL - "IS THERE A FORD IN YOUR FUTURE?" An Early Ford V-8 to be exact? Is there a club for all those who enjoy, love, are entranced, to put it bluntly, "hooked" on one or more Early Ford V-8's? Well, the answer, hopefully, is a resounding YES to all these questions. But it has been difficult to tell whether the answer was yes or no because of the lack of enthusiasm and attendance at our meetings and the few tours we have tried to put together. Perhaps you say to yourself, "But I'm new. Maybe later, but not until I get more experience. I wouldn't know what to do as an officer, or on a tour or to be a chairman, or to give a talk about restoration tips. Well men, our club is now about 10 months old. Those of you that are fathers (and that is most) how much "experience" did your son or daughter have at 10 months? How much help did you give to help that baby human grow and learn? Our club is much like that. We can look and learn from sister clubs that are older. We can ask for their help to get started, but unless we really care and really try to make it on our own, it's no go! So maybe we'll make mistakes, but we all learn from mistakes, individually and collectively. So why don't we try a fresh start.....all together!!!

We have planned no special program for the June 18th meeting for a purpose. That purpose is to have a vote on the future of Chapter 40, The Valley V-8's. If you want the club to continue, want to contribute in some way, no matter how small or large, make a real effort to be there. We know some of our members have had real unavoidable problems making attendance and participation impossible. This happens. However, there must be some that want the club to go on. In any case let's make our wishes known. Be there, June 18th. The meeting will NOT BE LENGTHY, but VERY IMPORTANT!

FUTURE ACTIVITIES:

Depending on the outcome of our meeting we will decide on whether or not to accept an invitation from the Southern California Chapter to join them on two tours. One will be to the Santa Paula Airport where many antique airplanes are hangered and on display. It should be a very interesting tour. Another is a beach party to be held near Ventura. More on these everts.....if you want them.....in future issues. Remember.....it's up to you! What will it be?

Hello V-8'ers!

In spite of, or maybe we should say "In addition to", Fathers Day and the L.A. Roadster Show, there was an encouraging turnout at the monthly meeting so vital to our clubs' continuance. Nine members were in attendance and with renewed enthusiasm and looking forward to a new beginning, a ballot of new officers were nominated to serve for the remainder of 1972. All of you, each member, is invited, and urged, to vote for the officers of your choice listed below. Further, a space has been provided for write-in votes, so any name not mentioned which you would like to see in office, including your own, may be written in. There are cases where the same name will appear for two offices. Due to the nature of the office involved it was felt there would be no conflict and the men concerned have agreed to accept either, or both, offices. If you wish, then, to vote for one man for two offices, there will be no problem. Time is of the essence, so we ask that you vote NOW, before you forget or get busy and neglect to get your ballot in promptly. Ballots must be received at our club address, 18909 Malden, Northridge, not later than Saturday, July 1st. The results will be in the next bulletin. Even if you couldn't be at the nominating meeting, right now is your chance to participate in electing a team of officers who, with each members' help can get our club moving again. So, VOTE. . . .RIGHT NOW. . . . and mail in your ballot as soon as possible so your voice will help results in your choice
