PRESIDENT'S MESSAGE

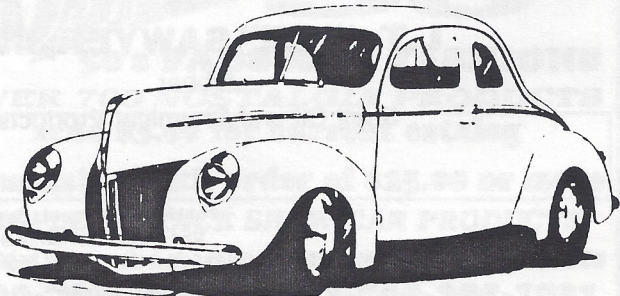

August 1998

On behalf of the club I want to offer thanks to Dave Sanborn for his talk and slide show on the '35 & '36 Fords at the July meeting. Those two years have been a passion of Dave's for many years, and he certainly is knowledgeable about them. His knowledge helped in the preparation of the National's '35 & '36 Restoration Manual which is now available. If you want to buy a copy, check with our accessories chairman, Al Rohrer. He may be able to order a batch of them and you can save the cost of postage.

I have a request for the meetings, if you have an announcement that you would like to make to the group, don't be bashful, if I forget to call on you, raise your hand or your voice, but do something to get my attention, even though you tell me before the meeting of your intentions, I have sometimes forgotten, my apologies if that has happened to you, it was not intentional.

Happy V8ing

Dennis Keene

AUGUST 1998 PROGRAM

by Larry Caplan

The program for our August Meeting will be about the man who was responsible for all the wonderful cars that we worship. Most of us are aware of the automobile empire created by Henry Ford but there is much more to tell about the life of this remarkable industrialist. As some of you may know there is a dark and disappointing side to his personality that was unfolding during the very same years that our favorite vehicles were being designed and manufactured. *The Legend of Henry Ford* by Keith Sward sat on my parents bookshelf from 1948 until I read it during our recent vacation. The book documents twelve years of research and is exciting reading for anyone interested in Fordiana. I am planning to share some of this intrigue about Henry Ford for our August Program.

Program: Dave Sanborne spoke about 35 & 36 V8's. Great presentation with slides and a question and answer period. Interesting fact 1935 was the first year Ford offered financing. The 1935 Ford was the start of the 35 to 48 models with a focus on style, safety, and beauty. The Ford National Club has published a reference book about 1935 & 1936 Fords that is currently available for sale via the National Club.

Ladies Door Prize: Two Garden Baskets won by Virginia Wolf and Georgia Monroe.

Name Badge \$40.00 won by Al Rohrer.

The icon that almost wasn't

EVEN FORD MOTOR CO. ALMOST RAN OUT OF CASH.

When Henry Ford (at right) opened his company, on June 16, 1903, he decided to start manufacturing before he had lined up a mar-

ket—so his business burned through its \$19,500 in seed money distressingly quickly. Treasurer James Couzens's checkbook recorded the drainage: \$10,000 to the Dodge brothers for motors and other parts, \$640 to the Hartford Rubber Works for 64 tires, and other payments. By July 1, there was only \$7,013.38 left in the account. After

shelling out \$31.40 for office furniture, \$7 for fenders, and another \$5,000 to the Dodges, among other expenses, Ford's total cash on hand on July 10 was exactly \$223.65. Payroll

needed to be met and more parts had to be purchased. With Ford's capital nearly expended, it seemed that the 25-day-old company would go kaput before it even got started.

The July 11 checkbook entry shows the turning point. "You literally turn the page," says Terry Hoover, archivist of the Henry Ford Museum, in Dearborn, Mich., "and you see that an investor paid in \$5,000." Four days later Ford sold its first car—to Dr. E. Pfennig of Chicago. Liquid cash soared to \$6,486.44. "If you didn't see the original

entries in front of you," says Hoover, "you'd say that someone had taken dramatic license. This company was truly on the brink of going over."
—Jerry Useem
