Our program for the 7th will be: **Scott Andrews, Andrews Powder Coatings, Inc. Custom powder coatings since 1980.**  
**Chatsworth CA.**  
**Scott will explain Jet Hot and powder coatings, and when they should be used in restorations, And what is available.**

I would like to take this opportunity to say "thank you" to Dick and Pat Smith for all they have done for the Valley V-8's. I have enjoyed your friendship these past years. You will be missed by all of us. Have a wonderful time in your retirement. Here is a copy of a thank-you note from the Smith's and their new address. We would like to have as many Past Presidents as possible in attendance on this special occasion.

## *CRUISING WITH STEVE JULY 31, 2001*

Well, July has been full of warm days and cool nights; a great time for the top to be down. Hope you have been enjoying this fabulous weather and driving those beautiful early Ford V-8's.

Speaking of great weather, on July 8 at Paradise Cove, Joe DiFatta put on a terrific tour. Many of you enjoyed Brunch at the beach. What could be better than listening to the waves crashing on the shore while in the company of good friends and food! There were 22 old Fords there plus a few new cars. Hope to make this an annual event. Great job, Joe!!! Thanks again.

Sue and I are getting ready to celebrate our 40<sup>th</sup> Wedding Anniversary with family and friends on Sunday, August 5. It seems like just yesterday that we were driving around in that 1950 Ford convertible as newlyweds.

On August 10, 2001, the Valley V-8's will celebrate its 30<sup>th</sup> year of charter. Dennis Keene, our National Director, will present a certificate to us in commemoration of the event at our August meeting. We would like to have as many Past Presidents as possible in attendance on this special occasion.

I would like to take this opportunity to say "thank you" to Dick and Patti Smith for all they have done for the Valley V-8's. I have enjoyed your friendship these past years. You will be missed by all of us. Have a wonderful time in you retirement. Here is a copy of a thank-you note from the Smith's and their new address

Every Saturday 11AM to 1PM

**Featured Car of the Month:** Don Zabel's '48 F1 Truck. It's a real beauty! He says he has always enjoyed pick-ups. He as had several, but hadn't had a stake side. Well, he found one... however it was "mostly in pieces and parts." The original cab was red, as it is now restored. It took about a year and a half to do. As Don says, "The interior still needs work and it will get done... someday, but as with all old cars, they always need something." He is very happy with the way it has turned out. According to Don, it is not a "trophy" vehicle, but it was not built with that intent. He just loves to drive it, and in case there is any question, it is a flathead V8 under the hood.

**Program:** What's Riding on Your Tires? Phillip "Flip" Smith was brought into the tire business early. He changed his first one at age 13. His Father and Grandfather had a tire business in Akron, Ohio and later moved to Santa Monica and opened Smith General Tire. Today Flip's running the business and does he know his stuff! Sizes and tire type do make a difference! Did you know the early tires were made with cotton cord? Thank you Flip for an informative and fun look into the rubber we all depend on.

### For Sale:

'46-'50 6 cyl. Carburetor, rebuilt

'49-'53 Heater motor, N.O.S.

Contact Allan Franklin (818) 842-2230

**Raffle winners:** Ladies: Carol Jensen and Karen Lehman
