CRUISING WITH STEVE SEPTEMBER 25, 2001

Well, it certainly is good to be home! Sue and I arrived back from our trip on September 8th. We felt very lucky to have arrived here before the horrendous tragedy that hit our nation on September 11th.

We got up to the Western National Meet in Pismo Beach. The weather was a little cool and overcast, but we had a wonderful time viewing all of those fabulous Fords. The cars were like going to the showroom! There were 270 fantastic cars in competition. A few of our fellow V8ers did quite well. They include:

*Blacky Blackwell----1940 Woody----2nd Touring
John Farrar----1932 3-Window----2nd Touring
Dave Gott----1940 Fordor----1st Touring
Don Durkee----1950 Crestliner----Dearborn "974"
Jerry Jensen----1939 Convertible----Dearborn "998"*

CONGRATULATIONS GUYS!!!!

Our thanks to Jerry James, Ralph Hubbard and Sharon Foster for a job well done.

The BBQ on Saturday, September 22 was a lot of fun and a good way to end the summer. There was lots of good food and good times, plus fifteen Early Ford V8s.

The program in October will be a short film put out by the California Department of Highways in 1936. Very interesting with lots of good cars in it.

UPCOMING EVENTS

Featured Car of the Month:

Blacky Blackwell's 1940 Convertible

After looking for a '40 convertible for about 2 years I found an old man driving an old original car with no top and a brush painted paint job. This was about 1973. I then drove it for quite a few years until 1985 when I took it apart and started it's 5 year restoration. Why? Because 1990 was the fifty year anniversary of the '40 Ford, of course. The body came off and was painted and rubbed out on another frame. I did make the deadline and it was shown for the first time at Reno in '90 and obtained a Dearborn award.

This car was Lion Blue originally and it has a Columbia 2 speed rear end, hot water heater, Unity fog lights and an engine with 3 3/16" bore with a Merc crank.

Thanks to the club for recognizing it.

Blacky

V8 Secretary Minutes

Gene Wilson is selling his 1969 Lincoln Mark III. Contact Don Zabel (818) 248-1625.

Terry & Carol Ammen are selling their 1949 Woody. It's a beauty. (805) 995-1951

Guest Speaker of the Evening:

Larry Caplan: Tools Provided for Use by Car Owners

Larry described the three categories of tools used with the V8. There were the tools that came with the cars, tools that were used in Ford shops either built by Ford or authorized by Ford, and tools made by outside vendors.

Tool sets provided in new cars were much more extensive in the early years, often coming in a bag made of leather or car-top material. Cranks and crank extensions were commonly found along with tire changing equipment. By the '40's Ford provided a minimum set of tools, basically for emergency repair. After the war owners found little more than tools to change a tire under emergency conditions. Larry, thank you for your thorough and detailed presentation.

Raffle winners: Ladies: Judy Shubb
Georgia Munroe

Name Badge: Chuck Shubb

50/50 drawing: Mike Munroe

Congratulations to all of you!
